Set 1

- A. Dogs make great pets because they are friendly and obedient.
- B. Spring water is healthy since they contain vitamins and minerals.
- C. Dishwashes are good for cleaning due to them being quick and efficient.

Set 2

- A. No mistake was on purpose unless it was done with malice.
- B. None of the photos was blurry except when Mr. Jackson was taking the photo.
- C. The only time when the computer lags is during a thunderstorm.

Set 3

- A. All sunglasses are used to protect your eyes from the Sun. Some snowboarders wear sunglasses. Therefore, some snowboarders try to protect their eyes from the Sun.
- B. Everyone who runs a marathon is fit. Some swimmers are people who run marathons. Hence, there are some swimmers who are fit.
- C. Valleys all look like a "V" shape. A few valleys contain flowers. It can then be concluded that some places with flowers look like a "V" shape.

Set 4

- A. Claire pulls open her sock drawer and notices it has her purple socks and nothing else. Her other socks are either in the laundry basket or in the washing machine. If her yellow sock isn't in the washing machine, it is in the laundry basket.
- B. Bob's stationary case only contains his pencils. The rest of his stationary were all either at home or a friend was borrowing them. If his eraser is not at home, his friend is borrowing it.
- C. The cupboard underneath the lab bench only contains the Bunsen burner. All the other things required to use a Bunsen burner are either at the front of the class or you had to bring it in to school yourself. I will need to get things from the front of the class if I didn't bring anything in to school today.
